REPORT FROM THE CHAIR

Since the Law Foundation of Nova Scotia was established in 1976, it has awarded more than \$20 million in grants to more than 250 organizations to support legal programs and services that benefit the people of Nova Scotia. The programs and services funded by the Foundation also provide indirect benefits to the legal profession and the justice system. Many programs guide and support the clients who come to lawyers for legal advice and representation. Others provide assistance to unrepresented litigants before the courts.

In 2004-2005, the Foundation approved 19 grants totalling \$1,139,181, an increase of 20% over total grants approved in 2003-2004. Approximately 73% of these grants will promote legal education and public access to the law in Nova Scotia. The remainder will support the administration of justice in the province and encourage research and reform of the law.

The Board of Governors strives to be accountable in the

distribution of funds received by the Foundation from interest accruing on lawyers' pooled trust accounts. To ensure that potential grantees understand the application process, assistance is available to those who need help with their funding proposals. The Board endeavours to be transparent and consistent in its evaluation of applications. It takes into consideration where programs will operate and who will benefit from them, as well as whether they fit within the Foundation's mandate. Accountability extends to the careful assessment and consistent monitoring of programs that receive funding.

The Foundation's goal is to make the best use of the funds to support the best projects that will benefit the most people. With that in mind, the Board implemented a formal business planning process in 2004-2005 to identify priorities and emerging issues, and to ensure it continues to make informed decisions that respond to the needs of Nova Scotians.

“ **The Foundation's goal is to make the best use of the funds to support the best projects that will benefit the most people.** ”

“ **With the prime rate at its current level of 4.25%, the Foundation is projecting an increase in revenue in 2005-2006, assuming balances in lawyers' trust accounts remain stable.** ”

REVENUE

The Law Foundation's ability to make grants depends on revenue generated primarily from interest on lawyers' pooled trust accounts. The Foundation keeps these funds invested until distribution. Trust account revenue fluctuates with the balances in the accounts and the prime rate of interest.

The prime rate fell in the second quarter of 2004-2005, reducing the average for the year to 4.04% compared to 4.60% in 2003-2004. As a result, revenue dropped from \$1,206,674 in 2003-2004 to \$1,100,712 in 2004-2005.

With the prime rate at its current level of 4.25%, the Foundation is projecting an increase in revenue in 2005-2006, assuming balances in lawyers' trust accounts remain stable.

The Foundation has arrangements with financial institutions for payment of interest at varying rates. We are pleased to report that more favourable agreements negotiated this year with the Royal Bank and with all Credit Unions in the province should produce increased revenue in 2005-2006.

RESERVE FUND

The Foundation established a reserve fund in 1986 to be used to maintain regular grants in periods of low interest rates when current income is insufficient to fund these grants. Most other Canadian law foundations hold similar reserves.

At the beginning of this fiscal year, the reserve fund had a cost and market value of \$2,008,178 and \$2,189,406 respectively. As of March 31, 2005, it had a total cost of \$2,178,110 and a market value of \$2,353,828. During the 2004/5 fiscal year, dividends, interest, realized gains and changes in unrealized appreciation totaled approximately \$141,440, net of management fees.

GRANTS

Law Foundation Scholarship Fund

The Foundation established a trust fund in 1981 with an initial grant of \$200,000 to provide scholarships to students attending Dalhousie Law School. There have been several contributions by the Law Foundation to the fund over the years. The fund provides scholarships for students entering first year, renewable in second and third years. The fund also provides fellowships at the graduate level. In 2004-2005, 17 students were awarded scholarships totalling \$180,000.00. Five entrance scholarships and eleven second and third-year scholarships of \$10,000 were awarded. There was one graduate fellowship of \$20,000.

In response to rising tuition costs, the Trustees of the Fund have increased the amount of the scholarship to \$13,000 for five students entering first year, renewable at the same level in second and third years. These changes will take effect for the academic term commencing September 2005.

grants budget at this level for the past two years has placed the Foundation in a better financial position, thus allowing it to increase grants for 2005-2006 to \$1,139,181.

For purposes of this report, grants are categorized according to the Foundation's four mandated objectives. Activities of many of the funded organizations fall under more than one of the objectives.

Research and Reform	\$222,260
Public Access to Law	\$345,943
Legal Education	\$492,614
Administration of Justice	\$78,364
Total	\$1,139,181

2004-2005 Grants

The Foundation maintained a grants budget of approximately \$950,000 in 2003-2004 and 2004-2005 to counter the effects of a 40% drop in revenue during 2001 - 2002 and a 33% drop in revenue in 2002 - 2003. Maintaining the

AUDITORS' REPORT

To The Board of Governors of the Law Foundation of Nova Scotia

We have audited the statement of financial position of the Law Foundation of Nova Scotia as at March 31, 2005 and the statements of operations and changes in net assets and cash flows for the year then ended. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Except as explained in the following paragraph, we conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

The Law Foundation of Nova Scotia derives substantially all of its revenue from interest credited by financial institutions on Nova Scotia Barristers' Society members' mixed trust funds which is not susceptible to complete audit verification. Accordingly, our verification of revenue from this source was limited to accounting for the amounts received from financial institutions and recorded in the records of the Law Foundation of Nova Scotia.

In our opinion, except for the effect of the adjustments, if any, had interest credited by financial institutions been susceptible to complete audit verification, these financial statements present fairly, in all material respects, the financial position of the Foundation as at March 31, 2005 and the results of its operations, changes in net assets and cash flows for the year then ended, in accordance with Canadian generally accepted accounting principles.
